

NEW - Ride Restrictions - 2020

Due to the new theme park guidelines from the British Standards Institute (BS EN13814-1) regarding ride accessibility, Lightwater Valley have reviewed its operating procedures and as a result some ride height restrictions have been amended accordingly.

Please make sure that you familiarise yourself with these changes before coming to the park as there may be some rides that children have been able to ride in the past that they may not be able to now. Also, please pay particular attention to the restrictions regarding children who need to be accompanied on rides.

Ride/ Attraction	Minimum height to ride.	Minimum height to ride accompanied. (Accompanying rider must be 16 years+ and meet the min. height requirement)	Accompanying rider ratio (adults: children)
